

Little Red Riding Hood Word Search

Make explicit connections between phonics and storytelling by placing word and phonic recognition in context with this fun activity!

Year Group: Reception / P1

Outcome: Opportunities to apply phonics learning in context

Preparation: Print off sufficient quantities of the Red Riding Hood Word Search. To frame the activity for the children, you might also like to download the Red Riding Hood PowerPoint

Instructions:

1. Share the story of Little Red Riding Hood with the pupils – if you can, include the vocabulary in the Word Search. Check for recall and understanding.
2. If you want to frame the activity for the children, show them the Red Riding Hood PowerPoint. What can they see in the picture? How does it help to tell the story?
3. Tell the children that they're going to look for some words from the story. Distribute the Red Riding Hood Word Search – with the children working either in pairs or individually.
4. All the words read horizontally, from left to right. You might like to look for one of the words together – then it's over to the pupils!
5. The activity also contains a version of the Word Search that's just for you – in which all the words are clearly highlighted!
